Vancouver, British Columbia – Integra Resources Corp. (“Integra” or the “Company”) (TSX-V:ITR; OTCQX:IRRZF) is pleased to announce that it has closed its previously announced bought deal financing, including the exercise in full of the underwriters’ over-allotment option. A total of 21,999,500 common shares (the “Common Shares”) of the Company were sold at a price of \$1.15 per Common Share, for aggregate gross proceeds of \$25,299,425 (the “Offering”).

The net proceeds from the financings will be used to fund exploration and pre-feasibility level study expenditures at the DeLamar Project and for general corporate purposes.

George Salamis, President and CEO of Integra Resources, commented, “The Company is very pleased with the outcome of this oversubscribed financing. After materially growing the resource base in 2019 on several fronts and demonstrating robust potential economics in our maiden PEA, we are ending the year with one of the strongest treasuries amongst our development-stage peer group. We now have all of the upcoming 2020 exploration and advanced study plans fully financed, supported by a strong roster of new shareholders which now includes Coeur Mining. We look forward to a very active and exciting 2020 field season as we aggressively pursue a sizeable amount of exploration drilling and pre-feasibility level studies, in parallel.”

The Offering was made through a syndicate of underwriters led by Raymond James Ltd., and including National Bank Financial Inc., PI Financial Corp., Echelon Wealth Partners Inc., GMP Securities L.P. and Roth Capital Partners, LLC (the “Underwriters”). The Underwriters received a cash commission equal to 6% of

the gross proceeds of the Offering (other than from the issue and sale of the Common Shares to certain purchasers on a president's list, for which a 3% cash commission was paid). The Company also paid finder's fees in the amount of \$98,019 in conjunction with certain purchasers from the president's list. The Offering was completed by way of a short form prospectus filed in all of the provinces of Canada, except Québec, and offered and sold elsewhere outside of Canada on a private placement basis.
