INTEGRA ANNOUNCES UPSIZE IN BOUGHT DEAL PUBLIC OFFERING TO C\$13 MILLION

Vancouver, British Columbia – Integra Resources Corp. (“**Integra**” or the “**Company**”) (TSXV: ITR; NYSE American: ITRG) is pleased to announce that it has entered into an amended agreement with a syndicate of underwriters (the “**Underwriters**”), pursuant to which the Underwriters have agreed to purchase, on a “bought deal” basis, 14,445,000 units (the “**Units**”) of the Company at a price of C\$0.90 per Unit (the “**Offering Price**”) for gross proceeds of approximately C\$13 million (the “**Offering**”).

Each Unit will consist of one common share of the Company (a “**Common Share**”) and one-half of one Common Share purchase warrant (each whole Common Share purchase warrant, a “**Warrant**”). Each Warrant will entitle the holder thereof to purchase one Common Share at an exercise price of C\$1.20 for a period of 36 months from the closing of the Offering.

The Underwriters also have an option to purchase that number of additional Units equal to 15% of the number of Units sold pursuant to the Offering at Offering Price, for market stabilization purposes and to cover over-allotments for a period expiring 30 days after the date of closing.

The Company intends to use the net proceeds from the Offering to fund exploration and development expenditures at the DeLamar Project, the Nevada North Project, and for working capital and general corporate purposes.

The Offering will be qualified by way of a prospectus supplement (the “**Prospectus Supplement**”) to the Company’s existing base shelf prospectus (the “**Base Shelf Prospectus**”) in each of the provinces and territories of Canada (other than the province of Quebec). The Prospectus Supplement (together with the Base Shelf Prospectus) will be available on SEDAR+ at www.sedarplus.ca.

Closing is expected on or about March 13, 2024 and is subject to TSX Venture Exchange (the “**TSXV**”) and other necessary regulatory approvals. The Company will also use its best efforts to list the Warrants on the TSXV.
